

Bar Light IP69K

Infrared, 375 mm

LB9I301

Part Number

- Certified for wash-down environments (DIN 400 50 Part 9)
- Industry-leading performance of the LBA bar light
- Mounting bracket included in scope of delivery
- No external control required

wenglor's LB9 series bar lights are industrial IP69K lights. The food-safe housing is perfect for environments where high-pressure, high-temperature cleaning with steam and cleaning chemicals is required. The homogeneous and intense luminous flux of the illumination device is perfectly suited for many types of applications with working distances in the near and far range. The LB9 bar lights can be used in continuous mode or synchronized with the Machine Vision Camera in strobe mode via PNP or NPN inputs. Bar lights come with L-holders as standard that allow 360° rotation, making them easy to mount and install.
