

# Safety Light Curtain Set

## Hand Protection

# SEFG457

Part Number

- Higher levels of safety and availability thanks to intelligent muting functions
- Multifunctional thanks to measuring function
- Quick duplication of settings via microSD memory card
- Simple configuration and diagnosis with wTeach2 software

The safety light curtain can be flexibly integrated into systems thanks to the well-conceived mounting technology and the compact housing. Alignment of the emitter and the receiver is simplified by the visible red light and the signal strength display. User-friendly wTeach2 software make settings and diagnosis via the IO-Link interface extremely easy. Settings can be subsequently saved to a microSD card and quickly duplicated on other products. Extensive blanking and muting functions ensure an ideal solution for every application, in order to safely transport objects into and out of the danger zone.

## Technical Data

| Optical Data                          |                    |
|---------------------------------------|--------------------|
| Range                                 | 0,25...20 m        |
| Housing Length (L)                    | 1160 mm            |
| Safety Field Height (SFH)             | 1061 mm            |
| Resolution                            | 30 mm              |
| Light Source                          | Red Light          |
| Wavelength                            | 630 nm             |
| Max. Ambient Light                    | 10000 Lux          |
| Opening Angle                         | ± 2,5 °            |
| Electrical Data                       |                    |
| Sensor Type                           | Set                |
| Supply Voltage                        | 19,2...28,8 V DC   |
| Response Time                         | 13,6 ms            |
| Temperature Range                     | -30...55 °C        |
| Storage temperature                   | -30...70 °C        |
| No. Safety Outputs (OSSDs)            | 2                  |
| Safety Output Voltage Drop            | ≤ 2,3 V            |
| PNP Safety Output/Switching Current   | ≤ 300 mA           |
| Number of Signal Outputs              | 1                  |
| Signal Output Voltage Drop            | < 2,5 V            |
| Signal Output/Switching Current       | < 100 mA           |
| Short Circuit and Overload Protection | yes                |
| Interface                             | IO-Link V1.1       |
| Protection Class                      | III                |
| Mechanical Data                       |                    |
| Housing Material                      | Aluminum           |
| Disc Material                         | Polycarbonate      |
| Degree of Protection                  | IP65/IP67          |
| Safety-relevant Data                  |                    |
| ESPE Type (EN 61496)                  | 4                  |
| Performance Level (EN ISO 13849-1)    | Cat. 4 PL e        |
| Mission Time TM (EN ISO 13849-1)      | 20 a               |
| Safety Integrity Level (EN 61508)     | SIL3               |
| Safety Integrity Level (EN 62061)     | SILCL3             |
| Function                              |                    |
| Hand Protection                       | yes                |
| Scope of Functions                    | Muting             |
| Scope of delivery                     | ZEFX001 mounting   |
| Scope of delivery (Emitter; Receiver) | SEFG517; SEFG657   |
| IO-Link                               | ●                  |
| Connection Diagram No.                | 1029   1030   1031 |
| Control Panel No.                     | A38   A39          |
| Suitable Connection Equipment No.     | 35   89            |
| Suitable Mounting Technology No.      | 860   870   880    |
