

THE SSC CONTROLS COMPANY

PREMIER INDUSTRIAL CONTROLS

Product Information Sheet

Remote Hand Control Box (for Miller® Welders)

The R810 remote hand controls provide remote current and on/off contactor control. The design features smooth knob action, Clarostat® potentiometers, an 18-gauge steel case, rubber bumper feet, neoprene rubber welding cable, and Amphenol connectors. The R810-1425 is designed for use with Miller® and Hobart® welding machines that use the RHC-14 Remote Hand Control.

Design features:

- Tough, durable steel housing.
- Neoprene control cable – the toughest cable jacket on the market.
- 3M® rubber bumper feet for traction; prevents scratching your power source.
- R810-1425 replaces Miller® RHC-14 p/n 242211020 (25-ft version) or p/n 129340.
- R810-14100 replaces Miller® RHC-14 p/n 242211100 (100-ft version).
- R810-0525 is for Miller® welders with 5 pins instead of 14 (prior to serial number JK674521).

Quality features:

- Made in USA.
- 1-year warranty on parts and labor.
- Quality system certified to ISO 9001.

Dimensions, L x W x H, in.: 4.2 x 4 x 3.8

Weight, pounds: 2.6

Finish: Powder paint, black
